Energy balance after bariatric surgery

PhD thesis

to obtain the degree of PhD at the
University of Groningen
on the authority of the
Rector Magnificus Prof. C. Wijmenga
and in accordance with
the decision by the College of Deans.

This thesis will be defended in public on

Tuesday 26 May 2020 at 11:00 hours

by

Edit Somogyi

born on 7 December 1970
in Budapest, Hungary

Supervisors

Prof. G. van Dijk

Prof. C.J. Nyakas

Co-supervisor

Prof. A. van Beek

Assessment Committee

Prof. F. Kuipers

Prof. A.J. Moshage

Prof. E.J. Hazebroek

The research reported in this thesis was carried out at the Department of Behavioral Neuroscience; Groningen Institute for Evolutionary Life Sciences (GELIFES), University of Groningen, Groningen, the Netherlands and at the Gastrointestinal Research Group, Department of Physiology, Faculty of Medicine at the University of Calgary, Canada.

All studies were approved by the Ethical Committee of the University of Groningen and by the Animal Resource Care Centre of University of Calgary and have been performed in accordance with the ethical standards as laid down in the 1964 Declaration of Helsinki and its later amendments or comparable ethical standards.

Production of the thesis was partially funded by PhD scholarship of Higher Education Institutional Excellence Program at Semmelweis University, Hungary, by an Erasmus Campus Mundi fellowship and by the University of Groningen.
