TABLE OF CONTENTS

Chapter 1	9
General introduction	
Chapter 2	29
Psychometric properties of a standardized observation protocol to quantify pediatric physical therapy actions	
Chapter 3	71
Limited application of evidence-based recommendations on family-centred practice and motor learning in infant-physiotherapy in Switzerland	
Chapter 4	87
Coaching in early physical therapy intervention: the COPCA program as an example of translation of theory into practice	
Chapter 5	113
Coaching approaches in early intervention and pediatric rehabilitation	
Chapter 6	127
Changes in Therapist Actions During a Novel Pediatric Physical Therapy Program: Successes and Challenges	
Chapter 7	147
Caregivers' experiences with the new family-centred paediatric physiotherapy programme COPCA: A qualitative study	
Chapter 8	165
Effect of two paediatric physiotherapy approaches on motor development in very preterm infants: a randomized controlled pilot trial combined with process evaluation	
Chapter 9	199
General discussion	
Chapter 10	223
Summary	224
Samenvatting	228
Acknowledgements	233
