**Identification and evolution of a
novel instructor gene of sex
determination in the haplodiploid
wasp *Nasonia***

Yuan Zou

The research described in this thesis was carried out in the Evolutionary Genetics group at the Centre for Ecology and Evolutionary Studies (CEES) and from 2015 onwards known as the Gronigen Institute for Evolutionary Life Sciences (GELIFES) of the University of Groningen, The Netherlands, according to the requirements of the Graduate school of Science (Faculty of Science and Eengineering, University of Groningen).

This work was funded by Netherlands Organization for Scientific Research to Leo W. Beukeboom (NWO TOP grant no. 854.10.001) and China Scholarship Council to Yuan Zou (CSC no. 201506240202). The printing of this thesis was supported by the University of Groningen and the Faculty of Science and Engineering.

Identification and evolution of a novel instructor gene of sex determination in the haplodiploid wasp *Nasonia*

PhD thesis

to obtain the degree of PhD at the
 University of Groningen on
 the authority of the
 Rector Magnificus Prof. C. Wijmenga
 and in accordance with the decision by
 the College of Deans.

This thesis will be defended in public on

Tuesday 13 October at 12.45 hours

by

Yuan Zou

born on 9 November 1989 in
 Sichuan

Supervisor

Prof. L.W. Beukeboom

Co-supervisor

Dr. L. van de Zande

Assessment Committee

Prof. B. Wertheim

Prof. G. Saccone

Prof. Y. Huang

Contents

Chapter 1	General introduction	3
Chapter 2	Identification of a candidate gene for the instructor signal of sex determination in <i>Nasonia vitripennis</i>	21
Chapter 3	Functional analysis of <i>wom</i> during development in <i>Nasonia vitripennis</i>	39
Chapter 4	Genomic organization and evolution of the instructor gene <i>wom</i>	63
Chapter 5	General discussion	89
