End-Stage Renal Disease Related Hyperparathyroidism: Towards a Patient-Tailored Journey

Proefschrift

ter verkrijging van de graad van doctor aan de
Rijksuniversiteit Groningen
op gezag van de
rector magnificus prof. dr. C. Wijmenga
en volgens besluit van het College voor Promoties.

De openbare verdediging zal plaatsvinden op
woensdag 3 februari 2021 om 16.15 uur

door

Willemijn Ytje van der Plas
geboren op 3 september 1994
te Haarlem

Ode aan de tijd

De tijd verstrijkt tot eeuwigheid
Dat is voorwaar geen kleinigheid
Want, mocht de wereld ooit vergaan
De tijd zal steeds blijven bestaan
Hij was er al voor het begin
En gaat mee het oneindig in

Wanneer ge meent: "er is geen tijd"
Ontkent ge de realiteit
Want alle leven, elk bestaan
Kan door de tijd slechts verder gaan

Een regelmaat verraadt zijn aard
't Is nooit te vroeg, laat staan te laat

Al lijkt de tijd soms stil te staan
Toch blijkt hij te zijn doorgegaan
Soms schijnt hij zoek (waar blijft de tijd?)
Toch is hij er in werk'lijkheid
Een schijn van onregelheid
Verblindt de geest, 't verstand ten spijt
De geest is bezig met de daad
Terwijl de tijd stil verder gaat...

De tijd schrijdt voort, heel ongestoord
Beidt gij hem wel zo het behoort?

Ytje Minderhoud - Brouwer (Oma Ytje)
Wageningen, december 1981

Table of contents

Chapter 1	General introduction and outline of the thesis	10
------------------	--	----

Part I: End-stage renal disease related hyperparathyroidism

Chapter 2	Secondary and tertiary hyperparathyroidism – a narrative review	28
------------------	--	----

Chapter 3	Association of time-updated plasma calcium and phosphate with graft and patient outcomes after kidney transplantation	46
------------------	--	----

Part II: Surgical treatment for ESRD-related HPT

Chapter 4	Safety and efficacy of subtotal or total parathyroidectomy for patients with secondary or tertiary hyperparathyroidism in four academic centers in the Netherlands	82
------------------	--	----

Chapter 5	Timing of parathyroidectomy does not influence renal function after kidney transplantation	98
------------------	---	----

Chapter 6	Quality of life after surgery in secondary hyperparathyroidism, comparing subtotal parathyroidectomy with total parathyroid- ectomy with immediate parathyroid autograft – a prospective randomized trial	116
------------------	--	-----

Chapter 7	Parathyroidectomy for patients with secondary hyperparathy- roidism in a changing landscape for the management of end- stage renal disease	136
------------------	--	-----

Part III: Evaluation of the role of parathyroidectomy and calcimimetics in a changing treatment algorithm of ESRD-related HPT

Chapter 8	Effect of parathyroidectomy and cinacalcet on quality of life in patients with end-stage renal disease-related hyperparathyroidism – a systematic review	156
Chapter 9	Outcomes of parathyroidectomy versus calcimimetics for secondary hyperparathyroidism and kidney transplantation – a propensity matched analysis	174
Chapter 10	Impact of the introduction of calcimimetics on timing of parathyroidectomy in secondary and tertiary hyperparathyroidism	192
Chapter 11	Treatment strategy of end-stage renal disease related hyperparathyroidism before, during and after the era of calcimimetics	210
Chapter 12	Changing landscape of the treatment of hyperparathyroidism related to end-stage renal disease – can we turn the clock backward?	230
Chapter 13	Summary and general discussion Future perspectives	236
Chapter 14	Appendices	250
	Dutch summary – Nederlandse samenvatting	254
	List of contributing authors	264
	List of publications	268
	Acknowledgements - Dankwoord	272
	Curriculum Vitae	279
