Information along familiar routes

**On what we perceive
and how this affects our behaviour**

Proefschrift

ter verkrijging van de graad van doctor aan de
Rijksuniversiteit Groningen
op gezag van de
rector magnificus prof. dr. C. Wijmenga
en volgens besluit van het College voor Promoties.

De openbare verdediging zal plaatsvinden op
donderdag 23 september 2021 om 14:30 uur

door

Ilse Mariska Harms

geboren op 23 april 1981
te Almelo

Promotores

Prof. dr. D. de Waard
Prof. dr. K.A. Brookhuis

Beoordelingscommissie

Prof. dr. D. Crundall
Prof. dr. M.H. Martens
Prof. dr. D.H. van Rijn

Table of contents

Chapter 1 . The problem

1.1	<i>Introduction.....</i>	11
1.2	<i>Information in the traffic environment.....</i>	13
1.2.1	Informational overload and uncertainty: a road authority's perspective.....	14
1.2.2	Informational overload and uncertainty: a road user's perspective.....	15
1.2.3	The ever-changing traffic environment.....	17
1.2.4	Thesis outline.....	18

Chapter 2 . Systematic literature review

2.1	<i>Introduction.....</i>	23
2.1.1	The prevalence of travelling along familiar routes.....	23
2.1.2	Effects of routine activities and familiar task contexts on cognitive processing.....	24
2.1.3	Rationale for this review and our twofold objective.....	25
2.2	<i>Methodology and research protocol.....</i>	26
2.2.1	Research design.....	26
2.2.2	Search strategy.....	27
2.2.3	Study selection and eligibility criteria.....	27
2.2.4	Selected aspects of paper characteristics, cognition and subsequent behaviour in traffic.....	27
2.2.5	Data analysis method.....	29
2.3	<i>Results.....</i>	30
2.3.1	Selected studies and their characteristics.....	30
2.3.2	How route familiarity is studied.....	32
2.3.3	Effects on cognition.....	34
2.3.4	Effects on behavioural performance.....	40
2.3.5	Amount of repetition required for effects on cognition and behavioural performance.....	42
2.4	<i>Conclusion and discussion.....</i>	46
2.4.1	How familiarity affects human beings and how this is acknowledged by researchers.....	46
2.4.2	Defining route familiarity with respect to cognition and exposure.....	48
2.4.3	Limitations of this review.....	49
2.4.4	How to proceed within transport psychology.....	49
2.5	<i>Acknowledgements.....</i>	50

2.6	<i>Appendix I. Overview of study characteristics.....</i>	51
2.7	<i>Appendix II. Study descriptions for each subcategory, per main category.....</i>	54
2.7.1	Awareness and attention.....	54
2.7.2	Memory.....	57
2.7.3	Judgement.....	59
2.7.4	Mental state.....	62
2.7.5	Effects on behavioural performance.....	63
2.8	<i>Appendix III. Study protocol.....</i>	67
2.8.1	Objective.....	67
2.8.2	Search strategy.....	67
2.8.3	Study selection and eligibility criteria.....	68
2.8.4	Selected aspects of paper characteristics, cognition and subsequent behaviour in traffic.....	69

Chapter 3 . Dynamic traffic management on a familiar road: failing to detect changes in variable speed limits

3.1	<i>Introduction.....</i>	73
3.1.1	Route familiarity.....	73
3.1.2	Change blindness.....	74
3.2	<i>Method</i>	75
3.2.1	Experimental design.....	75
3.2.2	Participants and procedure.....	75
3.2.3	Materials.....	76
3.2.4	Measures.....	78
3.2.5	Data analysis method.....	79
3.3	<i>Results.....</i>	79
3.3.1	Detection of the changed speed limit.....	79
3.3.2	Habituation: driver speed.....	82
3.3.3	Meaningfulness of speed limits.....	83
3.3.4	Expectations.....	83
3.3.5	Alertness: verbal reports and truck detection task	83
3.4	<i>Conclusion and discussion.....</i>	84
3.5	<i>Acknowledgements.....</i>	86
3.6	<i>Appendix. Additional results not described in the published article.....</i>	87

Chapter 4 . Traffic management: assessing various countermeasures to improve detection failure of changes in speed limit signals

4.1	<i>Introduction.....</i>	93
4.2	<i>Theoretical framework.....</i>	94
4.3	<i>Method.....</i>	95
	4.3.1 Experimental design.....	95
	4.3.2 Participants and procedure.....	97
	4.3.3 Materials.....	99
	4.3.4 Measures.....	100
	4.3.5 Data analysis method.....	101
4.4	<i>Results.....</i>	101
	4.4.1 Detection accuracy.....	101
	4.4.2 Reaction time.....	102
	4.4.3 Speed limit recollection.....	104
	4.4.4 Expectancy.....	105
4.5	<i>Discussion.....</i>	106
4.6	<i>Conclusion.....</i>	107
4.7	<i>Acknowledgements.....</i>	107

Chapter 5 . Don't shoot the messenger: traffic-irrelevant messages on variable message signs (VMSs) might not interfere with traffic management

5.1	<i>Introduction.....</i>	111
	5.1.1 Traffic safety: avoiding distraction by advertisements.....	111
	5.1.2 Traffic flow: reduced attention for traffic signs.....	113
5.2	<i>Method.....</i>	115
	5.2.1 Experimental design.....	115
	5.2.2 Participants and procedure.....	116
	5.2.3 Materials.....	117
	5.2.4 Measures.....	117
	5.2.5 Data analysis method.....	119
5.3	<i>Results.....</i>	119
	5.3.1 Compliance: taking the correct exit.....	119
	5.3.2 Recall and recognition.....	120
	5.3.3 Expectations.....	121
	5.3.4 Compensatory speed behaviour.....	121
	5.3.5 Habituation.....	124
5.4	<i>Conclusion and discussion.....</i>	125
5.5	<i>Acknowledgements.....</i>	127

Chapter 6 . Walking without awareness

6.1	<i>Introduction.....</i>	131
6.2	<i>Method.....</i>	133
6.2.1	Experimental design.....	133
6.2.2	Materials.....	134
6.2.3	Procedure.....	135
6.2.4	Measures.....	136
6.2.5	Participants.....	137
6.2.6	Data analysis method.....	138
6.3	<i>Results.....</i>	140
6.3.1	Awareness of the signboard.....	140
6.3.2	Overt secondary task engagement.....	141
6.3.3	Mind wandering.....	144
6.3.4	Route familiarity.....	145
6.4	<i>Conclusion and discussion.....</i>	147
6.5	<i>Acknowledgements.....</i>	150
6.6	<i>Appendix. Additional results not described in the published article.....</i>	151

Chapter 7 . Discussion and conclusions

7.1	<i>Studying behaviour in the everyday context.....</i>	155
7.1.1	The relation between exposure and route familiarity.....	155
7.1.2	The effects of route familiarity on cognition.....	156
7.1.3	Route familiarity and modalities of transport.....	157
7.2	<i>Skilled behaviour and the ability to act without awareness.....</i>	158
7.2.1	Skill-based behaviour: automaticity in visual information processing.....	158
7.2.2	Disengagement: monitoring rather than attending.....	158
7.3	<i>Visual information processing: errors and interests.....</i>	160
7.3.1	Perceptual errors while participating in traffic.....	160
7.3.2	What raises the traffic participant's interest.....	162
7.4	<i>Research methodology: cognitive and behavioural measures.....</i>	164
7.4.1	Cognitive measures for visual information processing.....	164
7.4.2	Behavioural measures for visual information processing.....	165
7.5	<i>Concluding remarks.....</i>	166

Chapter 8 . Summary.....	169
Chapter 9 . Samenvatting.....	177
Chapter 10 . References.....	187
Chapter 11 . Photography references.....	207
Chapter 12 . Acknowledgements (Dankwoord).....	211
Chapter 13 . About the author.....	221
Chapter 14 . 403 words and five emojis: a thesis.....	225
