Lignin Valorization via Acidolysis with Ethylene Glycol Stabilization

De Santi Alessandra

First edition, April 2021

The work described in this thesis was carried out at the Stratingh Institute for Chemistry, University of Groningen, Groningen, The Netherlands.

**university of
 groningen**

This work was financially supported by the European Research Council, ERC Starting Grant 2015 (CatASus) 638076, by the Talent Scheme (Vidi) with Project Number 723.015.005, which is partly financed by The Netherlands Organisation for Scientific Research (NWO) and the ERC Proof of Concept Grant 2019 (PURE).

Lignin Valorization via Acidolysis with Ethylene Glycol Stabilization

PhD thesis

to obtain the degree of PhD at the
University of Groningen
on the authority of the
Rector Magnificus Prof. C. Wijmenga
and in accordance with
the decision by the College of Deans.

This thesis will be defended in public on

Friday 4 June 2021 at 12.45 hours

by

Alessandra De Santi

born on 20 March 1992
in Viareggio, Italy

Supervisor

Prof. K. Barta

Co-supervisor

Dr. P.J. Deuss

Assessment Committee

Prof. H.J. Heeres

Prof. P.C.A. Bruijninx

Prof. C. Crestini

Dedicated to my family

Table of Contents

Chapter 1

The biorefinery concept and lignocellulose valorization strategies.....9

Chapter 2

Towards a new lignin-derived platform chemical (G-C2-acetal) from organosolv lignin and softwood via acidolysis and ethylene glycol stabilization.....39

Chapter 3

Lignin-first pinewood fractionation: structural insights, fate of the carbohydrates and mass balance evaluation.....77

Chapter 4

Finding applications for emerging lignin-derived monomers: conversion of G-C2-acetal to homovanillyl alcohol.....113

Chapter 5

Lignin-first fractionation of hardwood by acidolysis with ethylene glycol stabilization: the different reactivity of G and S units.....141

Chapter 6

New mechanistic insights into the acidolysis of the lignin β -O-4 linkage with ethylene glycol stabilization aided by multilevel computational chemistry.....187

Chapter 7

Summary and Outlook.....217

Samenvatting en Vooruitblik.....221

Appendix A

List of abbreviations.....227

Appendix B

List of publications.....228

Appendix C

Acknowledgments.....229
