Magnetic Nanoparticles for the Control of Infectious Biofilms

PhD thesis

to obtain the degree of PhD at the
University of Groningen
on the authority of the
Rector Magnificus Prof. C. Wijmenga
and in accordance with
the decision by the College of Deans.
This thesis will be defended in public on
Wednesday 9 June, 2021 at 11:00 hours

by

Kecheng Quan

born on 23 August 1989
in Hebei, China

Supervisors

Prof. H. J. Busscher

Prof. H. C. van der Mei

Prof. Y. Ren

Prof. Z. Zhang

Assessment committee

Prof. A. W. Friedrich

Prof. L. Shi

Prof. W. J. Quax

To my dearest family members.

Paranimfen:

Ke Ren

Huaiying Zhang

Table of Contents

Chapter 1	General Introduction and Aim of this Thesis Chapter 1.1 Possibilities and Impossibilities of Magnetic Nanoparticle Use in the Control of Infectious Biofilms (<i>Journal of Materials Science & Technology</i> 2021 , 69: 69-78. IF : 6.155) Chapter 1.2 Water in Bacterial Biofilms (Submitted) Chapter 1.3 Aim of the thesis	1
Chapter 2	Homogeneous Distribution of Magnetic, Antimicrobial-Carrying Nanoparticles through an Infectious Biofilm Enhances Biofilm-Killing Efficacy (<i>ACS Biomaterials Science and Engineering</i> 2020 , 6: 205-212. IF : 4.152)	57
Chapter 3	Artificial Channels in an Infectious Biofilm Created by Magnetic Nanoparticles Enhanced Bacterial Killing by Antibiotics (<i>Small</i> 2019 , 15: 1902313. IF : 11.459)	81
Chapter 4	Influence of Interaction between Surface-Modified Magnetic Nanoparticles with Infectious Biofilm Components in Artificial Channel Digging and Biofilm Eradication by Antibiotics <i>In vitro</i> and <i>In vivo</i> (<i>Nanoscale</i> 2021 , 13: 4644-4653. IF : 6.895)	101
Chapter 5	On-demand Pull-off of Magnetic Nanoparticles from Biomaterial Surfaces to Create Channels in Implant-Associated Infectious Biofilms for Enhanced Antibiotic Killing Efficacy (Submitted)	127
Chapter 6	General Discussion	149
	Summary Samenvatting 总结	153
	Appendix	173

This PhD thesis resulted from a 2 + 2 program, sponsored by
the University Medical Center Groningen, Groningen, The Netherlands
and Soochow University, Suzhou, China.

Supervisor at Soochow University: Prof. Zexin Zhang.
