Anger in youth with anxiety

Relationship with reinforcement sensitivity,
parental rejection and treatment outcome

Leonie Jasmijn Kreuze

The studies in this dissertation were funded by the PhD fund awarded to Leonie Kreuze by the faculty of Behavioural and Social sciences at the University of Groningen, the Netherlands.

Chapter 3 and 4 of this thesis are part of the Tracking Adolescents' Individual Lives Survey (TRAILS). Participating centers of TRAILS include various departments of the University Medical Center and University of Groningen, the University of Utrecht, the Radboud Medical Center Nijmegen, and the Parnassia Bavo group, all in the Netherlands. TRAILS has been financially supported by various grants from the Netherlands Organization for Scientific Research (NWO), ZonMW, GB-MaGW, the Dutch Ministry of Justice, the European Science Foundation, BBMRI-NL, and the participating universities.

The funders had no role in the study design, nor in the collection, analysis, and interpretation of the data.
