Severe infection among newborns and children in Suriname

Proefschrift

ter verkrijging van de graad van doctor aan de
Rijksuniversiteit Groningen
op gezag van de
rector magnificus prof. dr. C. Wijmenga
en volgens besluit van het College voor Promoties.

De openbare verdediging zal plaatsvinden op
woensdag 20 oktober 2021 om 9 uur

door

Amadu Elandi Juliana

geboren op 14 augustus 1974
te Utrecht

Promotors:

Prof. dr. J.C. Wilschut
Prof. dr. F.B. Plötz
Prof. dr. A.W. Friedrich

Co-promotor:

Dr. R. Zonneveld

Beoordelingscommissie:

Prof. dr. L.J. Bont
Prof. dr. A.F. Bos
Prof. dr. J.B. van Woensel

Table of Contents

Chapter 1	Introduction	7
Part I: Severe infection among newborns in Suriname		
Chapter 2	Improved referral and survival of newborns after scaling up of intensive care in Suriname	23
Chapter 3	Epidemiology and Mortality of Early-Onset Neonatal Sepsis in Suriname: A 2-Year Surveillance Study	43
Chapter 4	Incidence of early and late onset neonatal sepsis in Suriname: a national tertiary hospital birth-cohort study	51
Chapter 5	Endothelial cell adhesion molecules and early onset sepsis in newborns	67
Chapter 6	Complete-genome sequencing elucidates outbreak dynamics of CA-MRSA USA300 (ST8-spa t008) in an academic hospital of Paramaribo, Republic of Suriname	83
Part II: Severe infection among children in Suriname		
Chapter 7	Viral causes of severe acute respiratory infection in hospitalized children and association with outcomes: a two-year prospective surveillance study in Suriname	111
Chapter 8	Neutrophil-endothelial interactions in respiratory syncytial virus bronchiolitis: An understudied aspect with a potential for prediction of severity of disease	131
Chapter 9	Need for respiratory support in acute bronchiolitis in infants is linked to endothelial and neutrophil activation	147
Chapter 10	Serum levels of markers of endothelial cell activation are not associated with a positive blood culture in Surinamese children with suspected severe infection	165
Chapter 11	General Discussion and Future Perspectives	181
Appendices		
	Summary	193
	Samenvatting	197
	Dankwoord	201
	Curriculum Vitae	203
	Publications	205
