Microbiome-targeted interventions during gastrointestinal mucositis

PhD thesis

to obtain the degree of PhD at the
University of Groningen
on the authority of the
Rector Magnificus Prof. C. Wijmenga
and in accordance with
the decision by the College of Deans.

This thesis will be defended in public on

Monday 31 January 2022 at 11.00 hours

by

Ana Rita da Silva Ferreira

born on 11 August 1992
in Vila Nova de Famalicão, Portugal

Supervisors

Ass. prof. dr.ir. Hermie J.M. Harmsen

Prof. dr. Wim J.E. Tissing

Co-supervisors

Dr. Hannah R. Wardill

Assessment Committee

Prof. dr. Nicole M.A. Blijlevens

Prof. dr. Klaad Nico Faber

Prof. dr. Alexandra Zernakova

Paranymphs

Mafalda Bispo

Paola Lisotto

Gabriela Bravo-Ruiseco

The work described in this thesis was mainly performed in the Laboratory of Molecular Bacteriology, Department of Medical Microbiology of the University of Groningen and the University Medical Center Groningen (The Netherlands). The research described in this thesis was financially supported by the EU Horizon 2020 Programme under the Marie Skłodowska-Curie grant agreement 713660 (Pronkjewail) and the University Medical Center Groningen.
