The feasibility of modularity in professional service design

Towards low cost person-centred care

Proefschrift

ter verkrijging van de graad van doctor aan de
Rijksuniversiteit Groningen
op gezag van de
rector magnificus prof. dr. E. Sterken
en volgens besluit van het College voor Promoties.

De openbare verdediging zal plaatsvinden op

donderdag 25 juni 2015 om 12.45 uur

door

Monique Roelien van der Laan

geboren op 27 december 1984
te Zuidlaren

Promotores

Contents

CHAPTER 1

General introduction.....	9
1.1 Motivation for this study	9
1.2 Modular design principles	12
1.2.1 Specific function	13
1.2.2 Relative independence	13
1.2.3 Standardized interfaces	14
1.3 Professional service offerings: Defining characteristics	15
1.3.1 Service offering.....	15
1.3.2 Characteristics of professional service offerings	16
1.3.3 Contextual changes for professional services	17
1.4 Research objectives	18
1.5 Outline of this thesis	22

CHAPTER 2

Service decomposition: a conceptual analysis of modularizing services	25
2.1 Introduction	25
2.2 Service decomposition logic	27
2.2.1 Decomposition logic: the constituting design choices	28
2.2.2 The decomposition logic as reflected in the resulting modularity types	29
2.2.3 Modularization aim and decomposition logic.....	32
2.2.4 Service characteristics and decomposition logic	33
2.3 Methods	33
2.3.1 Literature search and paper selection	33
2.3.2 Data coding and analysis	35
2.4 Results	47
2.4.1 Decomposition logic	47
2.4.2 The relationship between decomposition logic and selected contingencies	50
2.5 Discussion.....	50
2.5.1 Decomposition logic	50
2.5.2 Modularization aim and decomposition logic.....	51
2.5.3 Service routinenessand decomposition logic	52
2.6 Conclusion	52
2.6.1 Summary	52
2.6.2 Theoretical contribution.....	53
2.6.3 Practical contribution	53
2.6.4 Limitations and further research	54

CHAPTER 3

A person-centred segmentation study in elderly care: Towards efficient demand-driven care	55
3.1 Introduction	55
3.2 Background.....	57
3.2.1 The need concept applied.....	57
3.2.2 Population segmentation based on ones' difficulties in fulfilling biopsychosocial needs	57
3.2.3 Person-centred segmentation	58
3.3 Research design and methods.....	60

3.3.1 Study setting.....	60
3.3.2 Data	60
3.3.3 Data analysis	61
3.4 Results	62
3.4.1 Healthcare utilization per elderly segment	67
3.5 Conclusion	67
3.5.1 Segments usefulness	68
3.5.2 Strengths and weaknesses	70

CHAPTER 4

A process analysis of a modular design process: An institutional perspective.....	73
4.1 Introduction	73
4.2 Theory.....	75
4.2.1 The modular design process within (professional) services	76
4.2.2 Modular design principles applied to professional service settings.....	76
4.2.3 An institutional perspective on the modular design process.....	77
4.2.4 Movement from old professionalism to new professionalism	78
4.3 Methods	79
4.3.1 The case	80
4.3.2 Data collection	80
4.3.3 Data analysis	81
4.4 Results	83
4.4.1 The modular design process.....	83
4.4.2 Argumentation used for (non-) legitimation of the modular design principles	88
4.5 Discussion.....	97
4.5.1 The influences of the institutional context during the design process	98
4.5.2 The influence of the institutional context on the implementation of the core modular design principles	100
4.6 Conclusion	102
4.6.1 Theoretical implications.....	102
4.6.2 Practical implications.....	103
4.6.3 Strengths and weaknesses	104

CHAPTER 5

Balancing variety and costs in professional services by means of modularity	105
5.1 Introduction	105
5.2 Theory.....	107
5.2.1 Professional services	108
5.2.2 Service modularity	109
5.2.3 Service modularity and balancing variety and costs	112
5.3 Methodology.....	116
5.3.1 Case selection.....	117
5.3.2 Data sources and methods.....	119
5.3.3 Data analysis	120
5.4 Results	122
5.4.1 Descriptions of the cases.....	122
5.4.2 Balancing variety and costs: Three alternative professional service architectures	129
5.5. Discussion.....	131
5.5.1 Summary of main findings	132
5.5.2 Professional service architectures and contingencies	134

5.5.3 Propositions.....	135
5.6 Conclusion	137
5.6.1 Limitations and future research	138
CHAPTER 6	
General discussion.....	141
6.1 Introduction	141
6.2 Summary of main findings	142
6.3 Theoretical contributions	148
6.3.1 Conceptual clarity	148
6.3.2 Feasibility of modularity in the design of professional service offerings.....	151
6.3.3 Modularity and the delivery of person-centred variety at reduced costs	152
6.4 Practical contributions	154
6.5 Limitations and future research opportunities	159
6.5.1 Limitations	159
6.5.2 Future research directions	161
6.6 Concluding remarks.....	162
References	163
Appendices	177
Samenvatting.....	187
Dankwoord.....	195
