**PhD thesis**

The work in this thesis was financially supported by a joint scholarship of University of Groningen (RUG) and China Scholarship Council (CSC) (Grant number 201706350277). Printing of this thesis was financially supported by the RUG, the University Medical Center Groningen (UMCG), Groningen University Institute for Drug Exploration (GUIDE), the Graduate School of Medical Science (GSMS), the Department of Genetics and the Genomics Coordination Center (GCC).

to obtain the degree of PhD at the  
University of Groningen  
on the authority of the  
Rector Magnificus Prof. C. Wijmenga  
and in accordance with  
the decision by the College of Deans.

This thesis will be defended in public on

Thursday 28 April 2022 at 9.00 hours

by

**Zhenhua Zhang**

born on 1 February 1990  
in Shandong, China

## Supervisors

Prof. M.A. Swertz  
Prof. Y. Li

## Co-supervisor

Dr. K.J. van der Velde

## Assessment Committee

Prof. A. van der Ven  
Prof. M.J.T. Reinders  
Prof. B.J.L. Eggen

# Contents

|   |   |            |
|---|---|------------|
| 1 | General introduction  | 7          |
| 2 | Feasibility of predicting allele specific expression from DNA sequencing using machine learning                               | 21         |
| 3 | <i>ASdeep</i> uses a deep-learning neural network to attribute allelic expression to non-coding genetic variants              | 43         |
| 4 | <i>IRF7</i> and <i>RNH1</i> are modifying factors of HIV-1 reservoirs: a genome-wide association analysis                     | 49         |
| 5 | Host genetic variants regulates CCR5 expression on immune cells: a study in people living with HIV and healthy controls       | 79         |
| 6 | Altered and allele-specific open chromatin landscape reveals epigenetic and genetic regulators of innate immunity in COVID-19 | 117        |
| 7 | Discussion and future perspectives  | 175        |
|   | <b>Appendices</b>   | <b>191</b> |
|   | Nederlandse samenvatting . . . . .  | 192        |
|   | Acknowledgements . . . . .  | 198        |
|   | Curriculum vitae . . . . .  | 202        |
|   | Publications . . . . .  | 203        |
