University of Groningen

Lateral manipulation for the positioning of molecular guests within the confinements of a highly stable self-assembled organic surface network

Stöhr, Meike; Wahl, Markus; Spillmann, Hannes; Gade, Lutz H.; Jung, Thomas A.

Published in:
Small

DOI:
[10.1002/smll.200700099](https://doi.org/10.1002/smll.200700099)
