CORRIGENDUM

In the paper by P. H. Phua, A. J. P. White, J. G. de Vries and K. K. Hii in Issue 4+5, 2006, pp. 587–592 (DOI: 10.1002/adsc.200505404), the structural formula of (*R*)-Difluorophos in Figure 1 on page 589 is incorrect. The correct structure is given below.

The compound was procured commercially (Strem) for this work. The synthesis of this ligand and its application in asymmetric catalysis was first reported by Genet and coworkers [S. Jeulin, S. Duprat de Paule, V. Ratovelomanana-Vidal, J.-P. Genet, N. Champion, and P. Dellis, *Angew. Chem. Int. Ed.* **2004**, 43, 320–325]. We are grateful to Professor J.-P. Genet for pointing out the error.
