Corrigendum

Corrigendum to “Determination of flow stress under hot deformation conditions” [Mater. Sci. Eng. A 552 (2012) 566–568]

Soheil Solhjoo

Advanced Production Engineering, Engineering and Technology Institute Groningen, Faculty of Mathematics and Natural Sciences, University of Groningen, Nijenborg 4, 9747 AG Groningen, the Netherlands

The author regrets that they have unfortunately identified an error in Eq. (6). Eq. (6), which calculates the flow stress, should be corrected as:

$$\sigma = \sigma_p \left(\left(\frac{\epsilon}{\epsilon_p} + N \right) \left(2 - \frac{\epsilon}{\epsilon_p} \right) \right)^S \quad (6)$$

The authors would like to apologise for any inconvenience caused.
