Paediatric cardiomyopathies

An evolving landscape of genetic aetiology and diagnostic applications

Proefschrift

ter verkrijging van de graad van doctor aan de
Rijksuniversiteit Groningen
op gezag van de
rector magnificus prof. dr. C. Wijmenga
en volgens besluit van het College voor Promoties.

De openbare verdediging zal plaatsvinden op

woensdag 16 oktober 2019 om 11.00 uur

door

Johanna Cornelia Herkert
geboren op 27 februari 1981
te Epe

Contents

Part I Introduction

Chapter 1	General Introduction & Aims and outline of this thesis	11
Chapter 2	Clinical utility gene card for: dilated cardiomyopathy (CMD)	39
Chapter 3	Compound heterozygous or homozygous truncating <i>MYBPC3</i> mutations cause lethal cardiomyopathy with features of noncompaction and septal defects	57

Part II Yield and strategies for genetic testing and data analysis

Chapter 4	Toward an effective exome-based genetic testing strategy in paediatric dilated cardiomyopathy	81
Chapter 5	Improving the diagnostic yield of exome-sequencing by predicting gene-phenotype associations using large-scale gene expression analysis	147

Part III Rare and novel genes

Chapter 6	Novel <i>SPEG</i> mutations in congenital myopathies: genotype-phenotype correlations	185
Chapter 7	Biallelic truncating mutations in <i>ALPK3</i> cause severe paediatric cardiomyopathy	201
Chapter 8	Expanding the clinical and genetic spectrum of <i>ALPK3</i> variants: phenotypes identified in paediatric cardiomyopathy patients and adults with heterozygous variants	229
Chapter 9	Homozygous damaging <i>SOD2</i> variant causes lethal neonatal dilated cardiomyopathy	287

Part IV Summary and general discussion

Chapter 10	Summary	319
Chapter 11	Discussion and future perspectives	327

Appendix

Nederlandse samenvatting	347
List of abbreviations	255
List of authors and affiliations	361
Curriculum vitae	373
List of publications	377
Dankwoord	385

A watercolor illustration of a person with blonde hair, wearing a red shirt and blue pants, riding a brown horse. They are seen from behind, moving up a green hill. The sky is a mix of light blue and white, with large, soft clouds. A rainbow is visible in the distance, arching over the horizon. The overall style is soft and painterly.
