THESIS OUTLINE

Chapter 1	General introduction <i>Partly based on Br J Gen Pract 2019;69:146-7.</i>	9
-----------	------------------------------------------------------------------------------	---

Epidemiological aspects

Symptom dimensions

Chapter 2	Trajectories of functional somatic, depressive and anxiety symptoms during adolescence and young adulthood <i>Submitted.</i>	23
Chapter 3	Differential associations of specific depressive and anxiety disorders with somatic symptoms <i>J Psychosom Res 2015;78:116-122.</i>	47
Chapter 4	The impact of somatic symptoms on the course of major depressive disorder <i>J Aff Dis 2016;205:111-118.</i>	63

Symptom networks

Chapter 5	The network structure of major depressive disorder, generalized anxiety disorder and somatic symptomatology <i>Psychol Med 2016;46:1-10.</i>	81
Chapter 6	The network structure of diagnostic symptom criteria for functional somatic syndromes <i>Submitted.</i>	101

Clinical aspects

Symptom dimensions

Chapter 7	Diversity in reasons for encounter as a predictor of functional somatic symptoms: Results from an electronic primary care records study <i>In preparation.</i>	131
Chapter 8	Beyond dualism: A qualitative analysis of how patients describe the relation between persistent physical symptoms and negative emotions in extended primary care consultations <i>Br J Gen Pract, in press.</i>	151
Chapter 9	Proposal and creation of symptom management strategies for persistent physical symptoms: qualitative study of enhanced primary care consultations <i>Submitted.</i>	167

Symptom networks

Chapter 10	Symptom-specific effects of combined therapy versus psychotherapy in the treatment of mild to moderate depression: a network approach <i>Psychother Psychosom 2018;87:121-123.</i>	189
Chapter 11	The symptom-specific efficacy of cognitive behavioral therapy versus antidepressant medication in the treatment of depression: Results from an individual patient data meta-analysis <i>World Psychiatry 2019;18:183-191.</i>	201
Chapter 12	General discussion <i>Partly based on Br J Gen Pract 2019;69:146-7.</i>	217
