# Contents

<b>I.</b>	<b>Overview of the book .....</b>	<b>1</b>
I.1.	Social-influence processes in human groups .....	1
I.2.	Existing theories of social-influence dynamics and their shortcomings ....	4
I.2.1.	Classical social-influence models .....	4
I.2.2.	One potential solution: Selection of similar interaction partners ..	8
I.2.3.	Research Questions .....	12
I.3.	Our answers to the research questions.....	13
I.3.1.	Negative influence .....	15
I.3.2.	Persuasive Arguments .....	15
I.3.3.	Striving for uniqueness.....	16
I.3.4.	A structural factor: demographic faultlines .....	17
I.4.	Our methodological approach: ABC modeling .....	19
I.5.	Overview of the chapters .....	21
I.6.	What have we learned and where do we go from here? .....	24
I.6.1.	Negative influence .....	25
I.6.2.	Persuasive arguments.....	26
I.6.3.	Striving for uniqueness.....	28
I.6.4.	Demographic faultlines .....	28
I.6.5.	Achievements and prospects in a nutshell .....	30
<b>II.</b>	<b>Negative influence and demographic faultlines.....</b>	<b>31</b>
II.1.	Introduction .....	31
II.2.	The Model .....	35
II.2.1.	The Social Interaction and Influence Dynamics.....	35
II.2.2.	Faultline strength.....	40
II.2.3.	Timing of contacts .....	42
II.2.4.	Aggregate outcome measures .....	43
II.3.	Results of the computational experiments.....	45
II.3.1.	Experiment 1: The effects of faultline strength.....	46
II.3.2.	Experiment 2: Effects of timing of contacts.....	50
II.4.	Summary and Discussion .....	61
<b>III.</b>	<b>The Polarizing Effects of Argument Exchange .....</b>	<b>65</b>
III.1.	Introduction .....	65
III.2.	The critical role of negative influence .....	68
III.3.	Theory .....	70
III.3.1.	The formal model .....	71
III.3.2.	Dynamics of Bi-polarization: an illustrative simulation run .....	74
III.3.3.	Effects of Homophily .....	76
III.4.	Experimental Test .....	79
III.4.1.	Overview.....	79
III.4.2.	Method .....	82
III.4.3.	Results.....	85
III.5.	Summary and Discussion .....	88
III.6.	Appendix to chapter III .....	91

<b>IV.</b>	<b>Argument Exchange and Demographic Faultlines.....</b>	<b>95</b>
IV.1.	Introduction.....	95
IV.2.	Two Explanations of faultline effects.....	98
IV.2.1.	Lau and Murnighan's explanation of faultline effects.....	98
IV.2.2.	The sociological explanation of faultline effects.....	101
IV.2.3.	Integrating the two theories: Why time matters.....	102
IV.2.4.	Conditions of the short term effects of strong faultlines.....	104
IV.3.	The Model.....	105
IV.3.1.	Homophilious selection.....	107
IV.3.2.	Persuasive Arguments.....	108
IV.4.	Simulation Experiments.....	110
IV.5.	Results.....	112
IV.5.1.	Ideal-typical simulation runs.....	112
IV.5.2.	Consistency tests of the propositions.....	115
IV.5.3.	Relative time until convergence.....	118
IV.6.	Summary and Implications.....	120
<b>V.</b>	<b>Individualization and Clustering.....</b>	<b>123</b>
V.1.	Introduction.....	123
V.2.	The Model.....	127
V.3.	Results.....	129
V.4.	Discussion.....	134
<b>VI.</b>	<b>Samenvatting - Dutch summary.....</b>	<b>137</b>
<b>VII.</b>	<b>References.....</b>	<b>141</b>
