Contents

General introduction

Chapter 1	9
Introduction, objective, aim and outline of the thesis	

Part I

Urothelial cell carcinoma of the bladder - Pattern of care in relation to outcome

Chapter 2	29
High risk bladder cancer: current management and survival	
<i>Int Braz J Urol Vol. 37 (2): 203-212, March - April, 2011</i>	

Chapter 3	47
Treatment and outcome in muscle invasive bladder cancer: a population-based survey	
<i>World J Urol Vol. 28:439-444, Aug 2010</i>	

Chapter 4	63
Effects of age and comorbidity on treatment and survival of patients with muscle-invasive bladder cancer	
<i>Int J Cancer Vol. 135(4):905-912, Aug 2014</i>	

Part II

Urothelial cell carcinoma of the upper urinary tract - The role of urography

Chapter 5	83
History, development, and the current role of retrograde ureteropyelography in diagnosing upper urinary tract tumors	

Chapter 6	103
Opacification of the distal and mid ureter by retrograde urography is superior compared to CT-urography	
<i>Submitted to J Endourology</i>	

Chapter 7	117
Early detection of upper urinary tract tumors using urography in patients with urothelial cell carcinoma	
<i>Submitted to World J Urology</i>	

Part III

General discussion

Chapter 8	133
a. Summary	
b. Samenvatting	

Chapter 9	147
General discussion and future perspectives	

Part IV

Appendices

List of abbreviations	168
List of publications	170
List of contributing authors	172
Curriculum Vitae	174
Dankwoord	178
