Kosice Institute for Society and Health (KISH) and previous dissertations

The Kosice Institute for Society and Health (KISH) was established in 2004. KISH is a research institute hosted by the Faculty of Arts of the University of Pavol Jozef Safarik in Kosice (Slovakia). KISH researchers originate from the Medical Faculty, the University Hospital and other hospitals, and the Faculty of Arts. Its research concentrates on medical sociology, health psychology, epidemiology and public health. The interdisciplinary research program focuses on **Youth and Health** and on **Chronic Diseases**.

KISH is collaborating closely with the Department of Social Medicine, University Medical Center Groningen, University of Groningen, The Netherlands.

More information regarding the institute can be obtained from <http://www.kish.upjs.sk>
