## Erratum

In the review by D.G.M. Beersma, entitled 'Models of human sleep regulation' (*Sleep Medicine Reviews* 1998; **2**: 31–43), the two occurrences of reference 'Mercia and Blois [60], made to the neuronal transition model, are incorrect. These references occur on lines 1 and 7 of paragraph 3 on page 37 and the article they refer to does not concern that model. The correct reference is:

Mercia H, Fortune RD. A neuronal transition probability model for the evaluation of power in the sigma and delta frequency bands of sleep EEG. *Physiol Behav* 1997; **62**: 585–589.
