Acknowledgements

At the moment I so close approach my PhD title, I would like to express my sincere thanks to those, who offered me great help during my PhD period.

First of all, I am greatly indebted to my promoter, Professor Matthijs Oudkerk for his continuous encouragement and valuable support. You offered me the opportunity to enroll as a PhD student and pushed me forward with your scientific insight and creative thinking.

My sincere thanks also go to my co-promoter, Dr. Rob J.van Klaveren for his great efforts contributed towards the completion of this thesis. Thank you for the enormous email contact, valuable discussion and exhaustive revision of all papers.

Dear Truuske de Bock, thank you for your heuristic guidance and supervision, which broadened my knowledge in the statistical and epidemiological area.

Hester van der Zaag and Rozemarijn Proença Vliegenthart, thank you for the patient supervision and valuable comments and suggestions on my thesis.

Dear Mother goose, Stella, it is really my pleasure to work with you. Thank you for always being there to answer all my questions and support me with anything you can.

Dear wonderful colleagues, Yingru, Anne, Gonda, Daniel, Monique, Dongming, Xie, Wisnu, Wim Tukker, Peter, Martine, Petra, Caroline, etc, I really enjoyed the happy times we spent together.

Hua dong and Frank, Jingyuan and Haifei, Hongwei, Tao, Cheng, Qu Ning and other good friends, I will remember the joyful dinners, chatting and other relaxed times together and cherish our friendship in my life.

I would also like to thank the members of the reading committee, Professor Prokop, Professor Mali and Professor Groen, for your critical reading and precious time.

Dear Professor Miao, thank you for recommending me to Groningen for a PhD study. You inspired me a lot, not only in the scientific area but also in the attitude of life.

Finally, I would like to thank my family for their consistent support and selfless care on my life. Mum and Daddy, thank you for what you have done since I was born. Lu, my dear wife, thank you for tolerance on my occasionally bad temper. I enjoyed the journey we have passed and we will keep loving, supporting and encouraging each other in the rest of life. Shulang, my lovely daughter, I like the new role you brought to me as a Daddy.
