Correction to: PKU dietary handbook to accompany PKU guidelines

A. MacDonald¹, A. M. J. van Wegberg², K. Ahring³, S. Beblo⁴, A. Bélanger-Quintana⁵, A. Burlina⁶, J. Campistol⁷, T. Coşkun⁸, F. Feillet⁹, M. Giżewska¹⁰, S. C. Huijbregts¹¹, V. Leuzzi¹², F. Maillot¹³, A. C. Muntau¹⁴, J. C. Rocha¹⁵, C. Romani¹⁶, F. Trefz¹⁷ and F. J. van Spronsen^{2*}

Correction to: Orphanet J Rare Dis 15, 171 (2020)
<https://doi.org/10.1186/s13023-020-01391-y>

The original article [1] contained an error in the **Sport and Nutrition** section of the manuscript whereby it was stated that:

‘Approximately 20–30 g of protein equivalent from protein substitute should be ingested post exercise.’

This sentence should instead have stated ‘... 20g of protein equivalent from protein substitute ...’ which has since been implemented in the original article.
