# The clinical pharmacist improves pharmacotherapy in hospital patients

Medication reviews – Metformin toxicity – Binding interactions

## Proefschrift

ter verkrijging van de graad van doctor aan de  
 Rijksuniversiteit Groningen  
 op gezag van de  
 rector magnificus prof. dr. C. Wijmenga  
 en volgens besluit van het College voor Promoties.

De openbare verdediging zal plaatsvinden op

vrijdag 26 november 2021 om 14.30 uur

door

Inge Regina Francina van de Laar

geboren op 10 november 1974  
 te Gemert

## **Promotores**

Prof. dr. F.G.A. Jansman

Prof. dr. K. Taxis

## **Beoordelingscommissie**

Prof. dr. T. van Gelder

Prof. dr. D.J. Touw

Prof. dr. P.M.L.A. van den Bemt

# Contents

Chapter 1      General introduction

## **Part 1      Medication reviews**

Chapter 2      Pharmacist-led medication reviews in predialysis and dialysis patients

Chapter 3      Prevalence and follow-up of Potentially Inappropriate Medication and Potentially Omitted Medication in older patients with cancer – the PIM POM study

## **Part 2      Metformin toxicity**

Chapter 4      Metformin associated lactic acidosis: incidence and clinical correlation with metformin serum concentration measurements

Chapter 5      Identifying patients with metformin associated lactic acidosis in the emergency department

Chapter 6      Extracorporeal treatment of metformin associated lactic acidosis in clinical practice: a retrospective cohort study

## **Part 3      Binding interactions**

Chapter 7      Subtherapeutic serum quetiapine concentrations after absorption inhibition by binding resins: a case report

Chapter 8      Exploring co-dispensed drug use in patients on sevelamer or polystyrene sulfonate to identify potential new binding interactions: a cross sectional in silico study

Chapter 9      Binding interactions with sevelamer and polystyrene sulfonate in vitro

Chapter 10      Assessing the binding interaction of polystyrene sulfonate with amitriptyline in healthy volunteers: the BIND study

Chapter 11      General discussion and perspectives

## **Appendices**
