Introduction	1
My experience	5
My research problem and questions	7
My conceptual model	9
Overview of the dissertation	13
Stylistic notes.....	15

CHAPTER 1 / Autism as a disorder of communicative contact: the origin of the concept of contact disorders in the work of George

Frankl	17
1.1 Biography.....	18
1.2 Frankl's problems.....	23
1.2.1 The opacity problem	24
1.2.2 The false reaction problem.....	28
1.3 Frankl's concepts	30
1.3.1 The concept of communicative contact	30
1.3.2 The distinction between affective and logical language.....	32
1.4 Frankl's theory of autism.....	35
1.5 The history of Frankl's conception of contact.....	38
1.6 The reception of Frankl's work	41
1.7 Did Frankl inspire Asperger and Kanner?.....	42
1.8 The contemporary significance of Frankl's theory of autism	50
1.9 Conclusion.....	54

CHAPTER 2 / Hans Asperger’s theory of autistic psychopathy (1), with a focus on the social symptoms of autism.....	57
2.1 Biography.....	59
2.2 Experiences and problems	65
2.2.1 The problem of knowing other people in general (Menschenkenntnis)	66
2.2.2 The problem of knowing the ‘autistic’ type in particular	70
2.3 Asperger’s conception of psychopathy	74
2.3.1 Psychopathy as developmental disorder	76
2.3.2 Diagnosing psychopathies: from external to internal disturbances .	78
2.4 Asperger’s concept of autistic psychopathy.....	81
2.5 The social symptoms of autistic psychopathy	84
2.5.1 Quadrant 1: outer restriction.....	85
2.5.2 Quadrant 2: outer enlargement.....	87
2.5.3 Quadrant 3: inner restriction	88
2.5.4 Quadrant 4: inner enlargement.....	89
2.5.5 Did Asperger’s theory meet his own requirements?.....	91

CHAPTER 3 / Hans Asperger’s theory of autistic psychopathy (2), with a focus on the non-social symptoms of autism	93
3.1 The pervasiveness problem.....	94
3.1.1 Restriction and enlargement in learning	96
3.1.2 Restriction and enlargement in motor action	100
3.1.3 Restriction and enlargement in affectivity	102
3.1.4 Restriction and enlargement in perception.....	103
3.2 Conceptualizing the non-social symptoms of autistic psychopathy.....	103
3.3 The history of Asperger’s conception of autistic contact disorders	107
3.3.1 Eugen Bleuler: the source of the term ‘autism’.....	108

3.3.2 Personality typologies: the source of Asperger's pervasive conception of contact.....	112
3.3.3 Viennese influences.....	117
3.4 The relationship of Hans Asperger to Leo Kanner's work	121
3.5 The changing reception of Hans Asperger's theory of autism.....	124
3.5.1 The emergence of historical investigations of Hans Asperger's work	125
3.5.2 Suspicions of Nazi-influences on Asperger's conceptual framework	128
3.6 The contemporary significance of Asperger's theory of autism	132
3.7 Conclusion.....	137

CHAPTER 4 / Leo Kanner's theory of early infantile autism (1):

an inborn inability to form affective contact.....	139
4.1 Biography.....	140
4.2 Kanner's problems.....	144
4.2.2 The problem of understanding personality and behaviour problems	147
4.2.1 The problem of psychiatric-paediatric collaboration	149
4.2.3 The problem of incongruent emotional reactions	151
4.2.4 The departmentalization problem	158
4.3. Kanner's concepts.....	161
4.3.1 The concept of emotional reactivity.....	161
4.3.2 The concept of affective contact	164
4.4. Kanner's theory of early infantile autism	166
4.4.1 Two fundamental features.....	172
4.4.2 A desire for aloneness	175
4.4.3 A desire for sameness.....	176
4.4.4 Secondary features	179

CHAPTER 5 / Leo Kanner’s theory of early infantile autism (2): an emotional inability that affects the whole personality	183
5.1. The myth of refrigerator mothers	184
5.2. Kanner’s concept of personality	189
5.2.1 The environmental factor.....	191
5.2.2 The emotional factor	200
5.2.3. The age factor	201
5.2.4 The somatic factor	204
5.2.5 The intelligence factor.....	204
5.2.6 The constitutional factor.....	206
5.3. The history of Kanner’s conception of affective contact	208
5.3.1 Use of the concept of contact at Phipps.....	209
5.3.2 European influences? Two Jewish refugees.....	212
5.3.4 Affect as one factor of the personality: the influence of Adolf Meyer	216
5.4 Leo Kanner’s relationship to Hans Asperger’s work	219
5.5 The contemporary significance of Leo Kanner’s theory	223
5.6 Conclusion.....	228
 Conclusion	231
Evaluation of the conceptual model.....	231
First research question: the concept of contact disorder	233
Second research question: the symptoms of autism	235
The fruits of the research	236
Implications for clinicians: Asperger, Kanner and the DSM	238

Summary	243
Samenvatting	244
Vita	245
Bibliography.....	247
