Gaining insight into the determinants of mortality in hospitalized severely malnourished children

A translational and intestine focused approach

Chris Versloot

The studies in this thesis were conducted at the Department of Pediatrics, University of Groningen, University Medical Center Groningen, Groningen, The Netherlands. Clinical studies were conducted at the Department of Paediatrics and Child Health, College of Medicine, University of Malawi, Blantyre, Malawi. Some of the preclinical studies were partly conducted at the Department of Physiology and Experimental Medicine, Peter Gilgan Centre for Research and Learning, The Hospital for Sick Children, Toronto, Canada.

The research conducted in this thesis was funded by the Junior Scientific Masterclass, University of Groningen and by Stichting De Cock-Hadders.

The printing of this thesis was financially supported by:

Graduate School of Medical Sciences
University Medical Center Groningen
University of Groningen

Table of contents

| | | |
|-------------------|---|------------|
| 1. | General introduction and thesis outline | 9 |
| Part I | Clinical studies | 47 |
| 2. | Effectiveness of three commonly used transition phase diets in the inpatient management of children with severe acute malnutrition: a pilot randomized controlled trial in Malawi | 49 |
| 3. | Mortality in children with complicated severe acute malnutrition is related to intestinal and systemic inflammation: an observational cohort study | 65 |
| 4. | Intestinal pathogen clearance in children with severe acute malnutrition is unrelated to inpatient morbidity | 93 |
| Part II | Preclinical studies | 107 |
| 5. | mTOR inhibition preserves intestinal barrier integrity and improves lactose absorption in a mouse model of severe malnutrition | 109 |
| 6. | Organoids as a model to study intestinal and liver dysfunction in severe malnutrition | 135 |
| Part III | Future perspectives | 171 |
| 7. | General discussion and future perspectives | 173 |
| Appendices | | 209 |
| | Summary | 210 |
| | Samenvatting | 215 |
| | Dankwoord | 220 |
| | List of publications | 225 |
| | Curriculum vitae | 227 |
