Copyright

Other than for strictly personal use, it is not permitted to download or to forward/distribute the text or part of it without the consent of the author(s) and/or copyright holder(s), unless the work is under an open content license (like Creative Commons).

The publication may also be distributed here under the terms of Article 25fa of the Dutch Copyright Act, indicated by the "Taverne" license. More information can be found on the University of Groningen website: <https://www.rug.nl/library/open-access/self-archiving-pure/taverne-amendment>.

Take-down policy

If you believe that this document breaches copyright please contact us providing details, and we will remove access to the work immediately and investigate your claim.

Downloaded from the University of Groningen/UMCG research database (Pure): <http://www.rug.nl/research/portal>. For technical reasons the number of authors shown on this cover page is limited to 10 maximum.

LIST OF AUTHORS AND AFFILIATIONS

Mariëlle Alders, Department of Clinical Genetics, Academic Medical Center, Amsterdam, the Netherlands

Rowida Almomani, Department of Genetics, University Medical Center Groningen, University of Groningen, Groningen, the Netherlands

Corrado Angelini, Departments of Paediatrics and Neurology, University of Padua, Padua, Italy

Eleonora Aronica, Department of Neuropathology, Academic Medical Center, Amsterdam, the Netherlands

Folkert W. Asselbergs, Department of Cardiology, University Medical Center Utrecht, Utrecht, the Netherlands

Frank Baas, Department of Genome Analysis, Academic Medical Center, Amsterdam, the Netherlands

Ad P. Backx, Division of Pediatric Cardiology, Emma Children's Hospital, Amsterdam, the Netherlands

Peter G. Barth, Division of Pediatric Neurology, Emma Children's Hospital, Amsterdam, the Netherlands

Maarten P. van den Berg, Department of Cardiology, University Medical Center Groningen, University of Groningen, Groningen, the Netherlands

Rudolf A. de Boer, Department of Cardiology, University Medical Center Groningen, University of Groningen, Groningen, the Netherlands

Ilse A.E. Bollen, Department of Physiology, VU University Medical Center, Amsterdam, the Netherlands

Ludolf G. Boven, Department of Genetics, University Medical Center Groningen, University of Groningen, Groningen, the Netherlands

Edward J. Bradley, Department of Genome Analysis, Academic Medical Center, Amsterdam, the Netherlands

Oebele F. Brouwer, Department of Neurology, University Medical Center Groningen, University of Groningen, Groningen, the Netherlands

Esther Brusse, Department of Neurology, Erasmus University Medical Center, Rotterdam, the Netherlands

Yassemi Capetanaki, Cell Biology Division, Center for Basic Research, Biomedical Research Foundation, Academy of Athens, Athens, Greece

Imke Christiaans, Department of Clinical Genetics, Academic Medical Center, Amsterdam, the Netherlands

Pieter A. Doevendans, Department of Cardiology, University Medical Center Utrecht, Utrecht, the Netherlands

Dennis Dooijes, Department of Genetics, University Medical Center Utrecht, Utrecht, the Netherlands

Jourik A. Gietema, Department of Medical Oncology, University Medical Center Groningen, University of Groningen, Groningen, the Netherlands

Lotte van Hessem, Department of Genetics, University Medical Center Groningen, University of Groningen, Groningen, the Netherlands

Lambertus van den Heuvel, Nijmegen Center for Mitochondrial Disorders, University Medical Center Nijmegen, Nijmegen, the Netherlands

Denise Hilfiker-Kleiner, Department of Cardiology and Angiology, Medical School Hannover, Hannover, Germany

Jessica E. Hoogendijk, Department of Neurology, University Medical Center Utrecht, Utrecht, the Netherlands

Elly F. Ippel, Department of Medical Genetics, University Medical Center Utrecht, Utrecht, the Netherlands

Jan D.H. Jongbloed, Department of Genetics, University Medical Center Groningen, University of Groningen, Groningen, the Netherlands

Anneke J. van der Kooi, Department of Neurology, Academic Medical Center, Amsterdam, the Netherlands

Sebastien P.J. Krul, Department of Cardiology, Academic Medical Center, Amsterdam, the Netherlands

Irene M. van Langen, Department of Genetics, University Medical Center Groningen, University of Groningen, Groningen, the Netherlands

Ronald H. Lekanne Deprez, Department of Clinical Genetics, Academic Medical Center, Amsterdam, the Netherlands

Peter van der Meer, Department of Cardiology, University Medical Center Groningen, University of Groningen, Groningen, the Netherlands

Anneke M. van Mil, Department of Genetics, University Medical Center Leiden, University of Leiden, Leiden, the Netherlands

Gudrun Nürnberg, Center for Molecular Medicine Cologne, University of Cologne, Cologne, Germany

Peter Nürnberg, Center for Molecular Medicine Cologne, University of Cologne, Cologne, Germany

Walter J. Paulus, Department of Physiology, VU University Medical Center, Amsterdam, the Netherlands

Petronella G. Pieper, Department of Cardiology, University Medical Center Groningen, University of Groningen, Groningen, the Netherlands

Yigal M. Pinto, Department of Cardiology, Academic Medical Center, Amsterdam, the Netherlands

Bwee-Tien Poll-The, Division of Pediatric Neurology, Emma Children's Hospital, Amsterdam, the Netherlands

Anna Posafalvi, Department of Genetics, University Medical Center Groningen, University of Groningen, Groningen, the Netherlands

Jan G. Post, Department of Medical Genetics, University Medical Center Utrecht, Utrecht, the Netherlands

Aleida Postma, Department of Paediatric Oncology, University Medical Center Groningen, University of Groningen, Groningen, the Netherlands

Zohal Qahar, Department of Genome Analysis, Academic Medical Center, Amsterdam, the Netherlands

Ingrid A.W. van Rijsingen, Department of Cardiology, Academic Medical Center, Amsterdam, the Netherlands

Leonardo Salviati, Department of Pediatrics, University of Padua, Padua, Italy

Richard J. Sinke, Department of Genetics, University Medical Center Groningen, University of Groningen, Groningen, the Netherlands

Karen Sliwa, Department of Medicine & IIDMM, University of Cape Town, South Africa

Jasper J. van der Smagt, Department of Medical Genetics, University Medical Center Utrecht, Utrecht, the Netherlands

Krystyna M. Sollie, Department of Obstetrics and Gynaecology, University Medical Center Groningen, University of Groningen, Groningen, the Netherlands

Yolande E.M. Thomasse, Department of Pediatrics, University Medical Center Groningen, University of Groningen, Groningen, the Netherlands

J. Peter van Tintelen, Department of Genetics, University Medical Center Groningen, University of Groningen, Groningen, the Netherlands

Marianne de Visser, Department of Neurology, Academic Medical Center, Amsterdam, the Netherlands

Jolanda van der Velden, Department of Physiology, VU University Medical Center, Amsterdam, the Netherlands

Dirk J. van Veldhuisen, Department of Cardiology, University Medical Center Groningen, University of Groningen, Groningen, the Netherlands

Hermien E.K. de Walle, EUROCAT, Department of Genetics, University Medical Center Groningen, University of Groningen, Groningen, the Netherlands

Marijke Wasielewski, Department of Genetics, University Medical Center Groningen, University of Groningen, Groningen, the Netherlands

Rik van der Werf, Department of Cardiology, University Medical Center Groningen, University of Groningen, Groningen, the Netherlands

Nico-Derk L. Westerink, Department of Medical Oncology, University Medical Center Groningen, University of Groningen, Groningen, the Netherlands

Marian A.J. Weterman, Department of Genome Analysis, Academic Medical Center, Amsterdam, the Netherlands

Arthur van den Wijngaard, Department of Clinical Genetics, Maastricht University Medical Center, Maastricht, the Netherlands

Arthur A.M. Wilde, Department of Cardiology, Academic Medical Center, Amsterdam, the Netherlands

Marit de Wissel, Department of Genome Analysis, Academic Medical Center, Amsterdam, the Netherlands

Woon-Chee Yee, Department of Clinical Research, Singapore General Hospital, Singapore
