Sexual Selection and
Reproductive Strategies in Songbirds
Territoriality, mate attraction, parentage and parental care

RUG

Australian Government
Australian Research Council

The research reported in this thesis was carried out at the Animal Ecology Group, Centre for Ecological and Evolutionary Studies, University of Groningen, Kerklaan 30, 9750 AA Haren, The Netherlands.

The work was supported primarily by the Ummo Ebbius Fund and the Centre for Ecological and Evolutionary Studies of The University of Groningen (The Netherlands), and the Australian Research Council. Additional financial support was provided by the SIR Fund of the Netherlands Organisation for Scientific Research (NWO), the Schure-Beijerinck-Popping Fund of the Royal Dutch Academy of Sciences (KNAW), the University of Melbourne (Australia) and the Sheffield Molecular Genetics Facility (which is funded by the Natural Environment Research Council, UK)

Territoriality, mate attraction, parentage and parental care

PROEFSCHRIFT

ter verkrijging van het doctoraat in de
Wiskunde en Natuurwetenschappen
aan de Rijksuniversiteit Groningen
op gezag van de
Rector Magnificus, dr. F. Zwarts,
in het openbaar te verdedigen op
vrijdag 16 maart 2007
om 10.30 uur

door

MATHEW LESLIE BERG

geboren op 6 maart 1976
te Morwell (Australië)

Promotores: Prof. Dr. Ir. Jan Komdeur
Prof. Dr. Rudi H. Drent

Beoordelingscommissie: Prof. Dr. Carel ten Cate
Prof. Dr. Innes C. Cuthill
Prof. Dr. Ton G. G. Groothuis

Contents

PART I. INTRODUCTION

- Chapter 1 General introduction 9
- Chapter 2 Cross-species amplification of microsatellites in winter wrens and Australian reed warblers 19

PART II. TERRITORY DEFENCE

- Chapter 3 A test of the 'dear enemy' effect in the winter wren: the roles of previous experience and song-type repertoire 37
- Chapter 4 Singing and the risk of paternity loss in winter wrens: territory defence or quality advertisement? 53

PART III. MATE ATTRACTION

- Chapter 5 Singing as a handicap: the effects of food availability and weather on song output in the Australian reed warbler 71
- Chapter 6 The functional significance of multiple nest building in the Australian reed warbler 83
- Chapter 7 Opposing effects of male heterozygosity on female promiscuity in the winter wren 99

PART IV. PARENTAL CARE

- Chapter 8 Trade-offs between paternal care, mate attraction and territory defense in the Australian reed warbler 117
- Chapter 9 Experimental evidence for the influence of food availability on incubation attendance and hatching asynchrony in the Australian reed warbler 131

PART V. GENERAL DISCUSSION

- Chapter 10 Sexual selection and reproductive strategies in songbirds: general discussion 147
