

## Publications

Holthausen, E.A.E., Wiersma, D., Knegtering, H., van den Bosch., 1999. Psychopathology and cognition in schizophrenia spectrum disorders: the role of depressive symptoms. *Schizophrenia Research* 39, 65-71.

Holthausen, E.A.E., Wiersma, D., Sitskoorn, M.M., Hijman., Dingemans, P.M., Schene, A.H., van den Bosch, R.J., 2001. *Psychiatry Research* 112, 1-11.

Holthausen, E.A.E., Wiersma, D., Sitskoorn, M.M., Hijman, R., Dingemans, P.M., Schene, A.H., van den Bosch, R.J., 2003. Long-term memory deficits in schizophrenia: primary or secondary dysfunction? *Neuropsychology*

Holthausen, E.A.E., Wiersma, D., Cahn, W., Kahn, R.S., dingemans, P.M., Schene, A.H., van den Bosch, R.J. The limited predictive value of cognition for outcome in schizophrenia. (submitted for publication).

Holthausen, E.A.E., Wiersma, D., Van den Bosch, R.J. Objective and subjective cognitive correlates of psychopathology in first episode patients. (abstract) *Schizophrenia research.* 30 (1998).

Holthausen, E.A.E., Wiersma, D., Van den Bosch, R.J. Depressive symptoms and cognition in first episode schizophrenia. (abstract). *Schizophrenia research.* 36 (1999), 134-135.

Holthausen, E.A.E., Wiersma, D., Van den Bosch, R.J. Psychopathology and social functioning in psychotic patients with and without cognitive deficits. (abstract). *Schizophrenia research.* 36 (2000), 135.

Holthausen, E.A.E., Wiersma, D., Knegtering, R.H., Van den Bosch, R.J. Do schizophrenic patients without neuropsychological deficits still show signs of cognitive decline? (abstract) *Schizophrenia Research.* 41 (2000), 269.

Holthausen, E.A.E., Broerse, A., den Boer, J.A., Van den Bosch, R.J. Cognition and saccadic eye movements in first onset schizophrenia. (abstract) *Schizophrenia Research*. 41 (2000), 295.

Holthausen, E.A.E., Wiersma, D., Knegtering, R.H., Van den Bosch, R.J. Compensation of neurocognitive deficits: influence on course of illness in schizophrenia. (abstract). *Schizophrenia Research*. 47 (2001).

Holthausen, E.A.E., Wiersma, D., Knegtering, H., Van den Bosch, R.J. Does cognition predict outcome and course of illness in schizophrenia? (abstract). *Schizophrenia Research*. 53 (2002), 127.

Holthausen, E.A.E., Wiersma, D., Knegtering, H., Van den Bosch, R.J. Are long term memory deficits a primary dysfunction in schizophrenia? (abstract). *Schizophrenia Research*. 53 (2002), 130.

Broerse, A., Holthausen, E.A.E., van den Bosch, R.J., den Boer, J.A., 2002. Does frontal normality exist in schizophrenia? A saccadic eye movement study. *Psychiatry Research* 103, 167-178.

Wolthaus, J.E.D., Dingemans, P.M.A.J., Schene, A.H., Linszen, D.H., Knegtering, H., Holthausen, E.A.E., Cahn, W., Hijman, R., 2000. Component structure of the Positive and Negative Syndrome Scale (PANSS) in patients with recent onset schizophrenia and spectrum disorders. *Psychopharmacology* 150, 399-403.
