Curriculum Vitæ

Minou C.A. Olde Keizer was born on February 6, 1990 in Oldenzaal, the Netherlands. After graduating from the Twents Carmel College in Oldenzaal in 2008, she started to study Econometrics and Operations Research at the University of Groningen. In 2011, she received her Bachelor's degree cum laude.

Olde Keizer continued to study Econometrics, Operations Research and Actuarial Studies, with a specialization in Operations Research. She did an internship at ORTEC in Groningen, where she performed research on Condition-Based Maintenance (CBM). Her interest for the field of maintenance was triggered, and she participated in the WCM Summer School on Maintenance Management & Engineering in the summer of 2012. Later that year, she received her Master's degree cum laude.

In 2012, Olde Keizer continued her research on CBM, and pursued a PhD on this topic. The research was part of the CAMPI project, funded by Dinalog, three Dutch universities, and various companies involved in the process industries.
