## **Metabolic memories:**

discerning the relationship between  
early life environment and adult cardiometabolic health

Lidiya G. Dimova

The work described in this thesis was supported by the Dutch Technology Foundation STW ([www.stw.nl](http://www.stw.nl)), project: “You are what you ate: metabolic programming by early nutrition” (grant: 11675) and was partly funded by Danone Nutricia Research. STW is now part of the Netherlands Organization for Scientific Research (NWO).

# Metabolic memories

Discerning the relationship between  
 early life environment and adult cardiometabolic health

## PhD thesis

to obtain the degree of PhD  
 at the University of Groningen  
 on the authority of the Rector Magnificus  
 Prof. E. Sterken  
 and in accordance with  
 the decision by the College of Deans.

This thesis will be defended in public on

Monday 5 February at 16:15 hours

by

**Lidiya Georgieva Dimova**

born on 29 October 1985  
 in Troyan, Bulgaria

**Supervisor**

Prof. H.J. Verkade

**Co-supervisor**

Dr. U.J.F. Tietge

**Assessment committee**

Prof. E. van der Beek

Prof. S.A. Scherjon

Prof. H.N. Lafeber

**Paranymphs**

Rima Mistry

Onne Ronda

# TABLE OF CONTENTS

|                   |   |     |
|-------------------|---|-----|
| <b>Chapter 1</b>  | General introduction  | 7   |
|                   | Scope and aim of the thesis   | 36  |
| <b>Chapter 2</b>  | Oxidative stress <i>in utero</i> protects against diet-induced obesity and insulin resistance in adult male Ldlr-receptor knockout mice | 39  |
| <b>Chapter 3</b>  | Milk cholesterol concentration in mice is not affected by diet- or genetically-induced hypercholesterolemia                             | 57  |
| <b>Chapter 4</b>  | High-cholesterol diet does not alter gut microbiota composition in mice   | 71  |
| <b>Chapter 5</b>  | Low dietary cholesterol availability during lactation programs intestinal cholesterol absorption in adult mice                          | 85  |
| <b>Chapter 6</b>  | General discussion  | 105 |
| <b>Appendices</b> | Bibliography  | 119 |
|                   | Summary   |     |
|                   | Acknowledgements  |     |
|                   | List of publications  |     |
