Towards an understanding of defecation disorders: pathophysiology, epidemiology, and clinical implications

PhD thesis

to obtain the degree of PhD at the
 University of Groningen
 on the authority of the
 Rector Magnificus Prof. C. Wijmenga
 and in accordance with
 the decision by the College of Deans.

This thesis will be defended in public on
 Wednesday 11 January 2023 at 11.00 hours

by

Ge Sun

born on 4 November 1991
 in Jiangsu, China

Promotor

Dr. P.M.A. Broens

Co-promotor

Dr. M. Trzpis

Assessment Committee

Prof. dr. J.D. Huizinga

Prof. dr. H.A. Cense

Dr. T.C. Kwee

Table of contents

1. General introduction and aims of the thesis	5
Part I (Patho)physiology of continence and defecation in healthy subjects and patients	
2. Physiological mechanisms underlying fecal continence Accepted in the <i>American Journal of Physiology-Gastrointestinal and Liver Physiology</i>	23
3. A possible pathophysiological mechanism of rectocele formation in women Conditionally accepted in <i>Abdominal Radiology</i>	43
Part II Epidemiology of defecation disorders	
4. A screening tool for symptoms and causes associated with isolated and co-existing fecal problems Conditionally accepted in <i>Annals of Palliative Medicine</i>	65
5. Co-occurrence of fecal incontinence with constipation and irritable bowel syndrome indicates the need for personalized treatment Conditionally accepted in <i>Neurogastroenterology & Motility</i>	81
6. Dyssynergic defecation-associated symptoms rather than low frequency of defecation and hard stool are reliable indicators of constipation in the Chinese population Submitted	103
Part III Diagnosis and treatment optimization of the constipation	
7. The value of dynamic MR defecography in evaluating defecation disorder severity Submitted	129
8. High anal canal pressure and rectal washouts contribute to the decrease of anal basal pressure after botulinum toxin injections in paediatric patients with chronic constipation <i>Frontiers in Pediatrics 2022</i>	147
9. General discussion and future perspectives	171
Summary	181
