J.H. Gibcus, L.P. Tan, G. Harms, R.N. Schakel, D. de Jong, T. Blokzijl, P. Möller, S. Poppema, B.J. Kroesen and A. van den Berg

Department Pathology & Laboratory Medicine, University Medical Center Groningen and University of Groningen, Groningen, the Netherlands

The authors regret that, in both Figure 1 and Supplementary Figure 1, the color bars to explain the blue and red colors of the microarray heatmaps have been swapped: Blue should have been on the right side, and red should have been on the left side. This has been

mixed up in both figures; the correct color bar is shown below. The authors would like to apologize for any inconvenience caused.

Address all correspondence to: Dr. Anke van den Berg, Department of Pathology and Medical Biology, UMCG, the Netherlands.
