Copyright

Other than for strictly personal use, it is not permitted to download or to forward/distribute the text or part of it without the consent of the author(s) and/or copyright holder(s), unless the work is under an open content license (like Creative Commons).

The publication may also be distributed here under the terms of Article 25fa of the Dutch Copyright Act, indicated by the "Taverne" license. More information can be found on the University of Groningen website: <https://www.rug.nl/library/open-access/self-archiving-pure/taverne-amendment>.

Take-down policy

If you believe that this document breaches copyright please contact us providing details, and we will remove access to the work immediately and investigate your claim.

Downloaded from the University of Groningen/UMCG research database (Pure): <http://www.rug.nl/research/portal>. For technical reasons the number of authors shown on this cover page is limited to 10 maximum.

Curriculum Vitae

Evgenii Barts

15 July 1993

Born in Polovinnoye, Kurgan Region, Russia

Education

2017–2023 **PhD at University of Groningen**

Groningen, The Netherlands,

Zernike Institute of Advanced Materials,

thesis "Unconventional magnetic states and defects"

under the supervision of Prof. Dr. M. V. Mostovoy.

2011–2017 **BSc, MSc at Novosibirsk State University**

Novosibirsk, Russia,

Nuclear and Particle Physics Department,

Budker Institute of Nuclear Physics,

thesis "Conformal quantum electrodynamics at high energies"

under the supervision of Prof. Dr. V. S. Fadin.
