Radia Tamarat and Susana Constantino Rosa Santos were not included as authors in the original publication [1]. These authors contributed to the published research article by performing rat heart irradiation and blood sampling experiments. These authors were missing from the published version due to an accidental editorial mistake made by the authors. The corrected Author Contributions statement appears here. The authors state that the scientific conclusions are unaffected. This correction was approved by the Academic Editor. The original publication has also been updated.

**Author Contributions:** M.S. conducted all the experiments and wrote the manuscript text. M.M. performed the bioinformatics analyses. R.T. and S.C.R.S. performed the rat heart irradiation and blood sampling. S.C.R.S. provided the GLS functional data. A.P.G.C. and D.S. performed the breast cancer patients' blood sampling. F.V.N. and D.D. performed the SureSelect MethylSeq methylation analysis. S.B., P.-J.G., M.A.B., A.A. and R.R. contributed to designing the experiments and the supervision of the work. All authors contributed equally to reviewing the manuscript. All authors have read and agreed to the published version of the manuscript.
