Copyright

Other than for strictly personal use, it is not permitted to download or to forward/distribute the text or part of it without the consent of the author(s) and/or copyright holder(s), unless the work is under an open content license (like Creative Commons).

The publication may also be distributed here under the terms of Article 25fa of the Dutch Copyright Act, indicated by the "Taverne" license. More information can be found on the University of Groningen website: <https://www.rug.nl/library/open-access/self-archiving-pure/taverne-amendment>.

Take-down policy

If you believe that this document breaches copyright please contact us providing details, and we will remove access to the work immediately and investigate your claim.

Downloaded from the University of Groningen/UMCG research database (Pure): <http://www.rug.nl/research/portal>. For technical reasons the number of authors shown on this cover page is limited to 10 maximum.

Curriculum Vitae

Jing Liu

16 May 1991 Born in Changsha, China

Education

- 09/2015 - 09/2019 University of Groningen, The Netherlands
Ph.D. research in the group of Physics of Nanodevices
under the supervision of prof. dr. ir. B. J. van Wees.
Part of NWO project: 'Magnon spintronics'
- 09/2013 - 06/2015 University of Groningen, The Netherlands
Master of Science (Cum Laude)
Topmaster of Nanoscience
Research project: *"Investigation of magnon transport in yttrium iron garnet using platinum and tantalum spin injection/detection electrodes"*
- 09/2009 - 06/2013 Central South University, China
Bachelor of Engineering (Cum Laude)
Material Sciences and Engineering
- 09/2006 - 06/2009 Yali Middle School, China
